## ABOUT ME

I am a Computer Science Engineering student with a solid background in programming, problem-solving, and software development. I am proficient in languages such as Java, Python, and C , and I have a keen interest in areas like web development, data analysis, and artificial intelligence. I am eager to apply my skills and knowledge to real-world challenges and am always open to learning new technologies. Motivated, dedicated, and a quick learner, I am excited to start contributing to the tech industry.

## EDUCATION

**Government Engineering College Palakkad**
B.Tech in Computer Science & Engineering
Current cgpa : **8.67**

**HIGHER SECONDARY**
Mambaram Higher Secondary School , Kannur
Percentage : **97.5 %**

**HIGH SCHOOL**
Mambaram Higher Secindary School , Kannur
Percentage  : **95%**
